PACKING SHED BURNS DOWN IN DECOTO FIRE

The largest fire to occur in Decoto in years broke out last Monday night when a Southern Pacific packing shed burned down. The shed contained boxes and box shooks belonging to Lee Williams of Irvington.

The alarm was turned in at 1:50 a.m., according to R. Bend, Decoto fire chief. The fire was not entirely extinguished until 12:30 in the afternoon.

Both Decoto fire trucks went to the blaze and Tony Alves, Niles fire chief, brought a Niles truck to prevent the fire from spreading to an adjacent grain field.

For several hours Southern Pacific trains were re-routed through Newark because of fire hoses covering the track.

Cause of the fire is unknown, but it is regarded as probable that an itinerant might have entered the building to sleep and accidentally started the fire. Loss was covered by insurance.

Chief Bend reports that for the entire time of the fire-fighting water pressure was exceptionally good and powerful streams were used against the blaze.

50TH ANNIVERSARY TO BE CELEBRATED BY NEWARK CHURCH

Newark Presbyterian Church will celebrate its 50th birthday Sunday, June 25. A special anniversary service will be held that day to commemorate the event, and Rev. Clyde Smith of San Francisco, charter member of the church, will be the preacher. In addition to the special morning service, a reception will be held in the church rooms in the afternoon.

Complete plans for the event have not been made, and more news will be forthcoming soon. However, with the completion of new walls of the church interior and with a 50th birthday in the offing, there will be good cause for celebration.

Just two years ago the Centerville Presbyterian Church celebrated its 90th anniversary.

THEATER MANAGER ATTENDS WAR LOAN MEETING

Last Thursday, W. J. Helm, Niles theater manager, attended a dinner meeting at the St. Francis Hotel in San Francisco at which northern California theater men laid plans for their part in the approaching Fifth War Loan drive.

"I heard one of the most impressive talks that I have ever listened to," Helm said. "The famous pilot of the 'Dry Martini' bomber spoke to us. He is a major, a Stanford man, and only 23."

Major Martini told us about one of his crew who had an arm shot off while flying over Germany. There were not proper facilities for preventing him from bleeding to death in the plane. So the crew quickly decided that the only possible way to save his life was to parachute him down on German soil in the hope that Germans would find him quickly and get him to a doctor. That's what they did. They dropped him out over Germany, pulled his rip cord, and prayed."

Major Martini told this incident to the awe-struck theater men and then asked: "If our fighting men can do things like that, can't you people here at home buy bonds?"

CENTERVILLE GRADUATION, OPERETTA SET FOR JUNE 14

The Centerville Elementary School graduation exercises will be held at the school auditorium Wednesday evening, June 14, at 8 o'clock.

HAYWARD REVIEW RESUMES PUBLICATION OF DAILY

The Hayward Review, which recently changed ownership, will start publishing daily again, announced Glen Wright, general manager, this week.

The Review was a daily before the war but the previous publisher reduced to semi-weekly issues. The newspaper will be served by United Press leased wire.

MEMORIAL DAY SERVICE

A Memorial Day service was held at Newark Presbyterian Church last Tuesday at 7:30 p.m. It took the place of the regular meeting of the Women's Missionary Society.

Rev. Jackson L. Webster conducted the service, during which the names of men represented on the service flag were read. A short account of the whereabouts of each was given.

A union prayer service of the Presbyterian Church at Centerville and the Episcopal Church was held at 12:30 p.m. at Centerville.

LAST WEEK NILES STREETS were cleaner than they are now—all because the drama section of the Country Club of Washington Township agreed with Niles merchants that they would sweep Main Street in exchange for purchase of war bonds. In the picture above is Mrs. Gladys Williamson, who maneuvered the street-cleaning job. E. E. Dias, Niles Chamber of Commerce president, is the gentleman in the picture. The ladies (left to right) are Mesdames Tom Robbins, Ted Logan, George Goodale, Loren Marriott, Blake Hill, and Allan Hirsch. (Photo courtesy Oakland Tribune)

NILES SCOUT TROOP BRINGS HOME HIGH HONORS FROM CAMPOREE

Do Niles townspeople know what a swell bunch of Boy Scouts we have here?

If anybody doesn't, here's something that will open his eyes. There were more than 2500 Boy Scouts at the Camporee held at East Shore Park last Sunday, and yet the Niles troop—only 14 of them went—brought home the highest honor that was awarded!

It was a blue ribbon with the words "Honor Troop" printed on it in gold.

This means that Niles Scouts passed their tests with an A rating in proficiency—a distinction to be proud of. Not only did they get an A rating, but they were the only troop to get 100 per cent in completeness of uniforms.

Everything about their uniforms was neat and each Scout wore everything he was supposed to, from proper tie to right insignia.

For being outstanding in their uniforms, their scoutmaster, Fred Duffie, was asked to have them come to the platform and take a bow.

The boys left Niles on Saturday morning at 10 in cars provided by Fred Duffie, Assistant Scoutmaster Bill Koski, and Henry Vervais. From the minute they started setting up camp at East Shore Park they were being judged—on their packs, on the way they set up camp, on co-operation, on the length of time it took to cook their evening meal, and even on how the meal tasted!

The Niles troop came through with flying colors, and even created quite a flurry in that large crowd by the unique home-made pack frames they had put together with hiking staves. Bill Koski was the originator of these frames and the boys put them together with lightning speed, and demonstrated their usefulness to an interested crowd.

"Sometimes," said Scoutmaster Duffie, "there were as many as 50 people crowding around our camp looking at our home-made equipment."

This home-made equipment included not only the pack frames, but the commissary and the cooler, which were also put together by means of the ever-useful hiking staves.

"The kids enjoyed all the activities, including the demonstration of commando tactics put on by

commandos from Camp Parks," said Duffie.

They broke camp Sunday afternoon and were driven home by George Roeding in one of his trucks.

Roeding treated all the boys to one of those special concoctions made of ice cream that is dear to the heart of all 'teen-agers. That was, perhaps, the crowning touch to what was one of the biggest week-ends the boys had ever experienced.

Scouts who participated were: Earl Silva, Richard Bonelli, Gordon Kibby, Sandy Roeding, Fred Duffie Jr., Jack Moser, Evan Parry, Haines Temple, Billy Koski, Anthony Faria, Bruce Roeding, Marildo Sira, Conrad Clemens and Richard Rego.

Earl Silva, junior assistant Scoutmaster, passed his merit badge in cycling by cycling all the way from Niles to East Shore Park and back, with his pack. He lacks only four merit badges of becoming an Eagle Scout.

The chamber expressed approval of Mrs. Williamson's proposal, which members said would help measurably to keep the Niles business district cleaner. President E. E. Dias said that he would find out if suitable containers can be obtained.

Friends of Judge Allen G. Norris of Centerville were sorry to learn that his brother, Joseph R. Norris of San Jose, died May 30. He was the husband of Viola Norris. The funeral was held Thursday in San Jose and mass was said at Sacred Heart Church.

O. B. PAULSEN TALKS TO FELLOWSHIP MEN

The Men's Fellowship Club of Niles Congregational Church held a dinner meeting last Thursday in the Guild room of the church. Dinner was prepared by the Ladies Guild and the men washed and dried dishes.

Guests introduced included George Ladigo, Mr. and Mrs. Robbins, Mrs. Gladys Williamson, Dr. and Mrs. Mitchell from Shoemaker Hospital, and L. R. Batman.

E. Dixon Bristow led the club in singing and Dwight Thornburg accompanied on the piano.

O. B. Paulsen, district superintendent of schools from Hayward, gave an address, "The Ideals We Cherish." He went back to the idealistic beginnings of American colonization and showed the power of ideals in shaping the destiny of our nation.

The club voted \$50 to be contributed toward the church building fund. More than 60 were present.

SAILOR INJURED IN CAR ACCIDENT NEAR NILES

An automobile accident involving two sailors occurred Monday night on the Centerville Road one mile south of Niles.

PhM1/c Howard Hooker and SI/c John Pierce, both stationed at Shoemaker, were driving home from San Jose when they felt the impact of a car striking them from the rear.

Hooker struck a window of the car and was knocked unconscious. Pierce, driver of the car, suffered only minor bruises. Two girls with the service men, Mildred Monroe and June Menzes, both of Niles, suffered only minor scratches.

Driver of the other car was L. L. Miller of Niles Canyon, who was riding alone. He was uninjured.

Hooker was rushed back to Camp Shoemaker, where he was treated for lacerations of the head and shock. Blame for the accident has not been determined.

COMMERCE MEN URGE TIN SAVINGS BY HOUSEWIVES

Concern over the fact that local women have not been systematically saving tin cans and turning them in for salvage was expressed at the Monday meeting of the Niles Chamber of Commerce.

Empty cans should have labels removed, both ends should be cut and the cans flattened, and should be kept out of the weather so that they do not rust, stated President E. E. Dias.

It was urged that when a quantity of cans has been saved they be brought directly to the Hansen Lumber Company.

MINOR RIOT IN RESTAURANT

Tuesday night saw a minor riot in a Niles restaurant when six visiting Seabees staged a free-for-all. Several of them also broke into line, restaurateur, called officers and the six boys were taken to a place where they could cool off.

Young Frank Solinsky, IV, has returned to his home in Amador County after a visit with his grandparents, Mr. and Mrs. J. C.

BOND CHAIRMAN TELLS FIFTH WAR LOAN DRIVE PLANS

"We've got a harder job to do with the approaching Fifth War Loan drive than we had with the Fourth," L. R. Burdick, head of the drive for Washington Township, told his town chairmen Wednesday night at a meeting in Washington Union High School. "But we're going to put it over!"

"Our quota for the Fifth War Loan is \$665,458," he said. "In the last drive we sold \$572,919. You can see what I mean by 'harder job'."

Burdick outlined plans to his committeemen for calling on every person in the township. Town chairmen will have subordinate captains, and these captains in turn will have their salespeople.

In the last drive 57 per cent of the people were contacted and 45 per cent bought bonds. "It's going to be better than this time," Burdick said emphatically.

School children, he explained, who will work through summer vacation, are pledging themselves to put a certain percentage of their earnings into the best investment in the world—war bonds. Younger children will write letters to their parents explaining why they think mother and dad should buy more bonds.

It's a big program that Mr. Burdick and his crew are going to carry out.

Present at the meeting were Mrs. Gladys Williamson, chairman of women's activities. Town chairmen present were: Carl Christensen, Newark; Robert Blacow, Niles; David Janeiro, Decoto; Loren Marriott, Centerville; Lois Justus, Mission San Jose; Rose Brown, Warm Springs; Jack Blacow, Alvarado; and Louis Amaral, Alviso.

Postmasters Manuel Lewis of Centerville, Julia Ruschin, Newark; Joe Enos, Niles; and Manuel Joseph, Irvington were present.

Also attending were Walter Oakley II, of the Alvarado bank, and L. R. Batman of The Township Register.

TOWNSHIP UNIT SELLS 1200 POPPIES

The Women's Auxiliary of Washington Township Post, American Legion, readily disposed of their entire lot of 1200 poppies on Poppy Day throughout Washington Township last Friday and Saturday, according to Mrs. Mary Duarte of Centerville, Township chairman.

The women in charge of the sale are appreciative of this fine response by Township citizens and feel they could have sold many more poppies if they had obtained a larger supply.

Proceeds are used annually for the benefit of veterans, their families or children.

P. G. & E. APPOINTS GROS ADVERTISING MANAGER

Robert R. Gros, who will be remembered locally as a speaker before the Men's Club of Washington Township and for the past seven years a member of the P. G. & E. publicity staff, has been appointed manager of the publicity and advertising department, it was announced this week.

Gros was graduated from Stanford in 1935. His scholastic honors included Phi Beta Kappa membership. He was manager of the Stanford debating team and prominent in other student activities.

SONS HOME FROM CAMP

It was a gala week-end for the Richard Sparrowes of Centerville. They had both their soldier sons home at the same time. Cpl. A. T. Sparrowe, and Sgt. J. R. Sparrowe. Cpl. Sparrowe was home from Camp Boca Raton, Fla. And Sgt. Sparrowe came up with his wife from Minter Field, near Bakersfield. The whole family were house guests over the week-end at the McElroy home in Santa Cruz.

Both boys returned to their respective camps last Tuesday.

Mr. and Mrs. Joseph Pessagno received word from their son, Pfc. WILLIAM J. PESSAGNO, stationed in Hawaii, that he has been promoted from private first class to corporal. He is now attached to a flight surgeon's office. While telephoning for office supplies one day, he discovered the voice on the other end of the line was his boyhood friend, A/M JOHN VENTURINA, whom he hadn't seen for two and a half years! They spent their first leave together sight-seeing and talking about the old times.

JUVENILE DELINQUENCY

Realizing the seriousness of the increase of juvenile delinquency in Alameda County, Sheriff H. P. Gleason has detailed an officer to assist in the solution of juvenile welfare problems.

A preliminary survey reveals that all good citizens are also deeply concerned and realize that some sort of action has become imperative. At the same time, virtually everyone is busy with war work, and many have considered themselves unable to devote the time necessary to combat juvenile delinquency.

When a nation is at war, the people are confronted with many great problems involved in

conducting a successful war, but none of greater importance than the development of our children into the good and useful citizens of the future. We must answer the question: "Are our people big enough to cope with all these war conditions?"

Authorities agree that a recreational program, sponsored and operated by the community, is a major influence in reducing the number of juvenile delinquents.

If the idle, leisure hours are devoted to something constructive and useful to the children themselves and their community, it has been proved that they are assisted to become good citizens.

Organization of a recreational program becomes possible through the co-operation and assistance of every individual in the community. Every adult should be willing to contribute a few hours of time and labor in working with the youth of their neighborhood.

Let's all unite now and solve this juvenile delinquency problem.

"Don't give me credit for catching them. The doughboys on that hill put the fear of God in 'em. This is still a doughboys' war."—Capt. Leo Sautter, Los Angeles, delivering six German prisoners to headquarters.

"One hand opened in charity is worth one folded in prayer."—H. F. Peart, San Francisco attorney.

"This is the time for farmers to put it away—in war bonds and in payment of debts. There may not be another such time in our lives. Don't fritter it away. Put it away."—Ralph H. Taylor, California Agricultural Council.

NEW HEARING AID HELPS WAR EFFORT

"Uncle Sam believes that the hard of hearing can contribute more effort to war activities if they equip themselves with good hearing aids," said Allen E. Walton yesterday. "So the government has authorized quantity production of a new radionic device which sells at a low price. The Walton Drug Company of Centerville has accepted appointment as agency for Washington Township."

The new hearing aid, which is endorsed by the American Medical Association, explains Walton, was intended for post-war production. But the government has seen fit to grant high priorities of strategic materials so that it is available now.

Manufactured by a leading radio company, the aid operates on radionic principles, is compact, durable, and costs about one-third as much as previously available hearing aids.

A factory consultant will be at the Walton Drug Company on Monday, June 5, to demonstrate the new hearing aid.

Thinking Things Over...

By VIVIAN BATMAN

I came panting into the office the other morning, just bursting with news. "What do you think," I said to the editor, "there used to be a movie studio right across the street from The Register office. A movie studio right here in Niles! And Charlie Chaplin used to make pictures here!"

"That so?" says the editor, kind of cynical-like. "Who cares about Charlie Chaplin?"

I didn't know the answer to that one. Do you?

And speaking of movie studios, when we visited the M.G.M. studio in Hollywood a couple of years ago they were making a picture which had a lot of Nazi storm troopers in it, "Escape." Everywhere we'd go we'd run into a Nazi uniform. They were even in the commissary where we dined. Have you ever eaten in a room with a lot of Nazis? I didn't enjoy my lunch, even though Spencer Tracy was sitting one table away from us.

If you got your Register late last week, maybe it was because I scratched my elbow. When you are feeding a press, which I was doing, you can't do things like scratching your elbow, even if it itches. If you stop feeding the press for just a second, everything goes floozy, and then you are in an awful mess.

You can see that getting out a newspaper is not all beer and skittles. Also, there is a little girl in the apartment upstairs who lets the water run in the basin when she combs her hair. Last week she was combing her hair when we had the paper on the press, and the water overflowed and leaked through the floor above and onto the press.

We are wondering what our big city friend the Oakland Tribune would do about a thing like that.

Another interesting thing I have found out about Niles. We have a postess here! She lives up in Niles Canyon, and calls herself "The Old Yankee." Next week we will publish a poem sent in by her called "Plowin' Time in Niles Canyon." It is a nice poem. Also, next week, The Register is going into seven columns! Also, next week, there will be a COMIC STRIP. AND ALSO next week, we are going to put out a BIG BOND DRIVE ISSUE!

After you read what I am now going to write, I know you will rush right down and put a classified ad in The Register.

It seems that Mrs. Whipple, who sells real estate, is also very fond of collecting stray little dogs. A couple of weeks ago a little yellow and white dog came to her house, and she promptly fed and cared for it, and named it Fluffy.

She had no idea where it had come from. Then, after the dog began to look like a dog again and not a candidate for a bone factory, one of Mrs. Whipple's friends phoned and said excitedly, "Have you seen The Register? Someone is advertising for a little yellow and white dog that was lost!"

No, Mrs. Whipple hadn't seen The Register because someone had annexed her copy. (Some people don't know how easy it is to subscribe.) But Mrs. Whipple, being a very honest lady, phoned The Register to get the telephone number of the dog owner.

Much to her delight, the dog owner, who lives in Niles, had already recovered her dog! It seems that a man who lives in Decoto had seen the ad and had also seen the dog—way over in Alvarado!

So now everybody is happy, including Mrs. Whipple, who does not have to give up her adopted pup.

That, my friends, is what Register classifieds do for folks!

An old lady was heard to remark the other day, "My, my, this war must be a-gettin' turrable! Why, I hear just the other day they're a-goin' to draft Roosevelt!"

Here's a welcome back of one familiar household gadget — the metal cutting edge on the household wax paper cutter box. Steel which cannot be used for other purposes will once again help Mrs. America tear wax paper straight and with ease.

Township Register printing customers get the quality of workmanship they want, and a fair price. And they get delivery of their printing WHEN THEY WANT IT.

We're short of help, of course, and very busy. But when you need printing we'll find time to do it for you.
